WHO WE ARE

As Desense Home Textile, we are pioneering a real change in the home textile industry with our expert staff and in-depth industry experience. By prioritizing quality at every step of our business, we offer a wide range of products, from table and kitchen textiles to bathroom sets. Years' experience in the textile industry and market research allows us to create fashionable and functional textile goods.

DESENSE is committed to providing you with high-quality textile products while better protecting the environment. We never stop searching for advanced materials, developing and designing new home textile products that are more friendly to our environment. We aim to build a long-term partnership with our clients and ensure good cooperation.

We spend every day developing new ideas and projects that will carry Desense's success in Turkey to the world. As we expand our activities, we never forget our responsibility to society and the environment. Desense continues to add value to your homes and leave its mark in the home textile industry.

The image shows a minimalist interior corner. A large window with a black frame and horizontal blinds is on the left. A green plant hangs vertically from the top left corner. On the floor, there are four woven baskets: one with orange and white stripes and blue tassels, one plain white, one with a green anchor design, and one with orange, white, and red stripes. A small purple rug is on the floor to the right. The walls are light gray, and the floor is dark gray tiles.
